***Allowable Subject Matter***

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Tada et al. teaches a band elimination filter.

2. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach three resonators having two fundamental modes having mutually different resonant frequencies that are polarized perpendicularly to each other within a plane defined parallel to the principal surface of the substrate wherein the second resonator is arranged between the first and third resonators and the polarization direction of one of the fundamental modes of the second resonator defines an angle greater than 0 degrees but equal or smaller than 45 degrees with respect to that of its associated fundamental resonant mode of one of the first and third resonators and wherein the 1st, 2nd, and 3rd resonators are coupled by said one of the fundamental modes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
